

ALONE ON THIS BLACK NIGHT, DREAMS

Alone on this black night, dreams
Keep me going, give me strength.
I am weak
I am hopeless
I am a tear-stricken face
A step
backward
An avalanche of snow has
fallen on me,
I latch onto my faith and hold you
I believe in dreams
I believe in my dreams
To meet my dreams with a warm embrace,
As if there was a window to my heart
Wholesome, radiant, love- abounding
Passion, persistence, pride-pressing
me onward
to my dreams.
